

Educate a Graduate Hashoo Foundation USA

The recent financial downturn has affected almost every country including the United Arab Emirates, forcing thousands of people out of jobs and consequently forcing lot of students to discontinue their education, especially at the University level.

This pilot project (Educate a Graduate) is an initiative by a group of volunteers in Dubai, to help those bright students who are facing a hard time getting higher education or completing their graduation. Administered by the Hashoo Foundation, this project aims to support at least six GCC students for their graduation during the academic year 2010-2011 within GCC or aboard.

The funding will only cover tuition fees and other academic expenses. The amount of financial aid will be decided by an Application Review Committee based on the student's academic performance and financial need. The aid package may vary from student to student and may contain a combination of grant and loan depending on each case.

If you would like to make a contribution to this initiative, please use the link below to do so for a secured contribution with your credit card:
